

Cricket Australia Community Coach Accreditation (CCA)

Cricket Australia's CCA is a comprehensive and enjoyable program. It is directed towards coaches at under-age and community cricket level who wish to broaden their knowledge of the technical skills of the game, understand appropriate and effective ways to conduct sessions and gain an awareness of the factors motivating young people to play and enjoy cricket.

Coach Approach – develop an understanding of the Australian Way philosophy and where your players fit on the National Player Pathway.

Scoring Runs – learn how to teach your players to score runs, off the front and back foot and how to stay in.

Taking Wickets – learn how to teach your players how to take wickets and save runs by bowling pace and spin, the latest catching and throwing approaches including wicket keeping specialities.

Preparing to Perform – how to include basic physical elements to your training sessions, appropriate hydration for your players and methods to motivate your players.

Leading the Game – learn how to coach your captain to make decisions in response to the game situation and how to create leaders within the playing group.

The theoretical component is covered by the Cricket Australia Introduction to Cricket Online Accreditation and is completed prior to the practical component of the course.

The fee for a CCA is \$120

If you wish to attend one of these courses please make your payment via the Cricket Coaches Australia website.

Payment must be received at least 3 working days prior to the course. Under the new Cricket Coaches Australia (CCA) policy, payment must be made by the candidate directly to CCA. The candidate can then seek reimbursement from their club.

Pre-requisites for the CCA are as follows:

- All participants must be a minimum of 16 years of age.
- Complete the Introduction to Cricket Online Accreditation.

The CCA's are generally held from August to November each year.
